

SPF BB CREAM

With Aloe Vera

The **EXIALOE BB CREAM** is a complete all in one cream that provides the skin with all the active ingredients to keep it with an optimum appearance. It does not contain parabens. BB stands for Blemish Balm which objective is to get the natural tone of the skin covering all types of imperfections of the skin such as solar spots, acne, scars, wrinkles, etc.

To this can be added its repairing, nourishing and solar photoprotector qualities which make of it the new generation of products that are between make up and skin care but in this case all in just one step.

ACTIVE INGREDIENTS

Hyaluronic Acid: Due to its **great capacity to attract and retain water** is used on hydrant and antiaging treatments. Besides, it gives a terser aspect to the skin and helps to fill small wrinkles and expression lines.

Collagen: It works as a hydrant and it favours the elasticity by being part and regenerating the structure of the skin favouring the water retention.

Vitamin E: Due to its antioxidant, rejuvenating and protective action of the free radicals that cause aging, is one of the best allies for the beauty of the skin.

Allantoin: It allows reducing the healing of the skin and to foster its regeneration as it favours and accelerates this natural process of the skin, promoting its antiaging activity.

Beeswax: It has healing, anti-inflammatory, emollient and antiaging qualities that nourish and moisture the skin, it is rich in Vitamin A and it has antiaging properties.

Argan oil: It has nutrients that favour the regeneration of the skin, having an important role to attenuate scars, wrinkles and to provide smoothness and softness to the face. It is rich in Vitamin E, with a powerful antioxidant and skin oxygenator effect apart from favouring the restoration of the hydrolipidic layer giving elasticity, softness and luminosity to the skin.

Extra Virgin Olive Oil: With excellent qualities to restore the humidity of the skin and to favour the cell regeneration. Its use on the face works as emollient and repairer of the skin; it protects it of a premature ageing due to its high antioxidant power and due to being a rich source in fatty acids and triglycerides.

Aloe Vera Juice: The Aloe Vera highlights due to its capacity of **regenerating the tissues of the skin**, stimulating and strengthening the collagen and elastin fibres, so it is excellent to slow down the aging of the skin, to attenuate wrinkles and avoid the appearance of new ones. It is also a **perfect hydrant for the skin**, and it regenerates in a natural way marks, acne, spots or scars. Its daily use will visibly improve the aspect of your face leaving it terser, free from imperfections and luminous.

This type of BB cream works in total synergy with the skin, providing hydration and nourishment where is needed most. It works as stimulant for the skin, helping it to balance and recreate the ideal conditions for the make up to keep stable and the skin in optimum conditions, making it to illuminate with absolute perfection.

30 ml jar (ref.1325)
