

MEDITERRANEO BODY MILK

With Aloe Vera

Thanks to the Aloe Vera, Natural Beeswax, Vitamin E and the Almond and Avocado essential oils, this Body Milk will provide you an intense and long-lasting hydration.

It hydrates and nourishes your skin after the bath daily.

The result? A soft, elastic and visibly more luminous skin.

USES AND QUALITIES

Aloe Vera: It has emollient qualities that soften dry or damaged areas by the external agents and regenerate the dermis therefore, you will achieve a soft and terse skin.

Almond oil: It intensely nourishes dry skin, softens, and improves the dermis without obstructing the pores.

Avocado oil: Together with the Vitamin E have antioxidant qualities which help to repair dry and damaged skins and prevents the appearance of wrinkles.

Beeswax: It forms a film on the skin giving consistency and protection to it against the external agents that may damage it. It also retains the hydration of the dermis, so it does not evaporate.

And as we know that our sense of smell is one of the most pleasant, our Mediterraneo Body Milk has a **fragrance that will take you** to those so enjoyable summer days, it will be impossible to get tired of it and of course, **it does not have parabens.**

MODE OF USE:

Generously apply all over the body firmly after the shower or bath.

Why after the shower? Because after receiving hot water and with the skin clean, the pores are dilated and absorb better its ingredients. It is recommendable, exfoliating your skin weekly to eliminate dead cells from our skin and helps to have a better absorption of the Body Milk, being the hydration deeper and long lasting. You can try our Exfoliating Gel with provitamin B5...you will love it!

You can add some drops of the Exialoe Argan or Musk Rose oil before applying it. This way it will help you to re-establish the hydration and regenerate the skin, as well as preventing the appearance of stretch marks and diminish them.
