

# HYDRO-NOURISHING PLUS CREAM

With Aloe Vera, Coenzyme Q10 and hyaluronic acid

Excellent **anti-age**, **antioxidant**, and **nourishing regenerator**. Apply at any moment of the day, being more effective at night-time. Its touch is very pleasant, leaving therefore a rejuvenated and non-greasy skin. Besides, it has **25% of Aloe Vera**, Coenzyme Q10 and natural vitamin E.

It is a hypoallergenic cream.

## QUALITIES

**Natural vitamin E:** Due to its qualities against free radicals, it is very effective against the ageing of the skin.

**Coenzyme Q10:** It is a powerful **antioxidant** that slows down the appearance of wrinkles and provides elasticity to the skin.

**Argan oil:** It highlights due to its power to nourish, it hydrates, and rejuvenates our skin, providing great natural luminosity and working as a **powerful anti-wrinkle**.

**Sea water:** It has many mineral salts, trace-elements, and amino acids. Minerals from the sea water as magnesium, help to hydrate and nourish the skin. They have a **repairing effect**.

**Wheat Germ oil:** It has proteins, vitamins, minerals, and antioxidants that will remarkably improve the aspect of your skin. It helps as a natural solar protector.

**Calendula oil:** It provides **anti-inflammatory**, antiseptic, emollient, stimulant, and tonic qualities.

**Collagen:** It reduces the so feared expression lines and improves the elasticity and **firmness of the skin**. It is from marine origin.

**Hyaluronic acid:** It is a great ally for the care of our skin due to its qualities that fight against the loss of volume and wrinkles, it retains water, gives volume, and rebuilds the fibres that sustain the tissues as the skin.

**Avocado oil:** It is rich in vitamins, fatty acids, proteins, and minerals. It works against ageing due to its great content in vitamin E, it has great **restructuring** and regenerating power of the epidermis.

**Almond oil:** It is rich in vitamins, minerals, proteins, and fatty acids beneficial for the skin. It **reduces inflammation** and calms cutaneous irritations, it hydrates and softens all types of skins.

**Beeswax:** Due to its highly hydrophobic power, it repels water, it forms a film on the skin and waterproofs it, giving consistency and protection to it against the action of external agents that may damage it. Rich in vitamins. It has **anti-inflammatory and healing** qualities.

It should be noted that **lactic acid** is used, an aqueous solution of moisturizers, that substitute the natural hydration factor of the skin that can easily be lost with soaps providing therefore, hydration and elasticity and avoiding the flaking of the skin.

## MODE OF USE:

Day/night cream, especially recommended to apply at night-time as it then when the body regenerates.

Apply in an ascending way, after doing your daily cleansing routine, do a soft massage insisting on the areas where you feel furrows or wrinkles.

At your night-time routine if you want to provide an extra of vitamins you can add some drops of our musk rose or Argan oil.

Finish by applying your preferred Exialoe eye contour.

50 ml tin (ref. 1935)

## DID YOU KNOW THAT...?

Hyaluronic acid is a substance naturally found in our organism. It helps to keep the skin hydrated and with a juicy texture.

However, due to the passing of years, the existence of this substance considerably decreases.
