

FIRMING BODY CREMIGEL

It firms the skin of the whole body

The **Firming Body Gel** is a superlative product designed to protect, regenerate, fill wrinkles, fight against the signs of the age, hydrate, nourish and firm the skin of the whole body (especially of the neck and breasts). These qualities are attributed due to a combination of some active ingredients such as the Amino-glyco kaviar, a luxurious active ingredient from natural origin obtained from the Sturgeon fish (Caviar and Cyclopterus lumpus).

It is enriched with Glycosaminoglycans (Chondroitin Sulphate and Hyaluronic Acid) and Glycogen both from marine origin.

Fills wrinkles from inside and tones the skin with visible results from the first application.

QUALITIES

Amino-glyco kviar: Obtained from the Sturgeon fish. Thanks to its important content in minerals and trace-elements, the skin receives key ingredients in their nourishment and regeneration processes.

Glycogen: It is from marine origin and helps to revitalize the skin, providing softness, reducing the age spots and evens the skin tone and firms it.

Algae Extract (Elastin): Obtained from marine algae, from similar composition to the elastin of the human conjunctive tissue. It is rich in vitamins, amino-acids, and trace-elements. It presents high capacity of penetration through the skin, so it has a hydrant, nourishing and regenerative effect. It has high protective qualities for the skin against the damaging environmental agents such as the sun, dryness, cold and warm weather, etc. Due to its great mineral wealth, it favours cell stimulation, achieving the delay of the appearance of wrinkles, purifying, and eliminating toxins.

Hyaluronic Acid: It is found in a natural way in the skin, assuring its hydration and protection. As we get old, its natural production decreases. Our hyaluronic acid obtained from biological processes can retain great quantities of water in the skin providing volume, hydration apart from reducing wrinkles and concealing the expression lines. It also activates the formation of natural collagen.

Avocado Oil: Due to its content in fatty Omega 3 acids and the A, D, E and K Vitamins makes of it a great ally for the skin care. The antioxidant qualities contribute to regenerate and rejuvenate the skin.

Sweet Almond Oil: It has essential nutrients that will provide you elasticity and hydration apart from an anti-inflammatory effect.

Sunflower Oil with natural Vitamin E: It works as an antioxidant to protect the skin from the damages caused by free radicals. It also works as emollient that can hydrate dry skin through the formation of an occlusive layer that retains the humidity of the skin.

Marine Collagen (3%): It provides volume, elasticity, firmness, combats flabbiness, hydrates, and nourishes deeply.

Aloe Vera juice (40%): It stimulates cell growth, favouring the hydration and softness of the skin and its rejuvenation, apart from the antiseptic action that collaborates with the elimination of dead cells and wastes that damage the skin leaving it smoother, softer, and more toned.

MODE OF USE:

You can apply it all over the body several times a day as a firming cream and on the neck and breasts, as it was a body milk. Like the H&N Caviar, you will get better results by using it all days at night-time.

You can also use it on the face if you have very dry skin or need more firmness.

Jar of 150 ml (ref.5050)

FORMULA (Ingredients)

Aqua, Aloe Barbadensis Leaf Extract (Juice)*, Caprylic/Capric Triglyceride, Hydrolyzed Collagen, Glycerin, Persea Gratissima Oil, Prunus Amygdalus Dulcis Oil, Isopropyl Myristate, Helianthus Annuus Seed Oil, Sodium Hyaluronate*, Tocopherol, Caviar Extract, Algae Extract, Phenoxyethanol, Sodium Acrylate/Acryloyldimethyltaurate/Dimethylacrylamide Crosspolymer, Isohexadecane, Sorbitan Isostearate, Polysorbate 60, Parfum, Imidazolidinyl Urea, Dimethicone, Triethanolamine, Ethylhexylglycerin, Disodium EDTA, Citric Acid, Potassium Sorbate, Ascorbic Acid, Sodium Sulfite, Sodium Benzoate, Tocopheryl Acetate, Linalool**, Hydroxycitronellal**, Limonene**, Citral**, Coumarin**

* *Ingredient sourced from organic farming.*
** *Presente de forma natural en el perfume.*

DID YOU KNOW THAT...?

Caviar helps to regenerate the skin due to the phospholipids that it has, responsible of the reconstruction of the cell membrane.

INDICATED FOR:

For the whole body, in special for those areas where you want to get more elasticity and firmness. Also for the face, especially for mature skins, with signs of expression and wrinkles.
