

CONTOUR GEL

With Royal Jelly and Coenzyme Q10

The **EXIALOE EYE AND LIPS CONTOUR GEL** is a refreshing formulation with Royal Jelly, Euphrasia, Soya Protein, Coenzyme Q10 and 40% of Barbadensis Aloe Vera.

USES AND QUALITIES

- It helps to reduce inflamed eye bags, it prevents the appearance of wrinkles, dark spots, expression lines and lack of firmness.
- It protects the skin from external agents.
- It prevents from the signs of fatigue (undereye circles, inflamed eyes, wrinkles, crow's feet...)
- Thanks to its active ingredients, it protects from the oxidative stress and provides smoothness in this area of the skin so delicate.
- It increases elasticity which contributes to have a more toned and soft skin.
- Its formulation is free from artificial ingredients (parabens, mineral oils, paraffins, phthalates, etc).
- Not tested on animals (Cruelty free).

MODE OF USE:

1. Apply in the morning and night in the lower part of the eye contour and smooth the area with the ring finger soft tabbing to outside till it absorbs it.
2. Softly massage the upper eyelid and insist in the corner of the eye.
3. Finish by smoothing the lip contour and the corners of the mouth.

30 ml bottle (ref.1945)

FORMULA (Ingredients)

Aqua, Aloe Barbadensis Leaf Extract (Juice), Propylene Glycol, Glycerin, Hydrolyzed Soy Protein, Euphrasia Officinalis Extract, Royal Jelly Extract, Ubiquinone, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Triethanolamine, Imidazolidinyl Urea, Ethylhexyl Stearate, DMDM Hydantoin, Potassium Sorbate, Disodium EDTA, Citric Acid, Ascorbic Acid, Sodium Benzoate, Sodium Sulfite, CI 19140.

DID YOU KNOW THAT...?

The contour area is thinner than the rest of the face because it has less sebaceous and sweat glands and easily can cause dehydration and less musculature. That is why it is recommended to apply it with your ring finger, as this does not exercise a lot of force in this delicate area.

INDICATED FOR:

From the 25 years of age our dermis needs some specific cares to prevent the signs of ageing.
