

# NATUR TOOTHGEL + ELIXIR

With Aloe Vera

Our **NATUR TOOTHGEL + ELIXIR** provides a complete oral hygiene.

Thanks to its Total Dent complex made of an active mixture of flavouring, refreshing and disinfectant components, it leaves a pleasant taste and freshness in the mouth, it disinfects the oral cavity, avoids the formation of plaque, dental caries and neutralises bad breath.

- Free from fluoride and sulphates.
- Without parabens and not tested in animals.
- Suitable for sensitive gums.

## ACTIVE INGREDIENTS

**Aloe Vera 20%:** It helps to cure and heal oral wounds due to its anti-inflammatory and healing effect. It highlights its **antigerm** capacity to eliminate the pathogenic microflora in the mouth, **anti-caries**, **remineralising** and antiseptic.

**Propolis 2%:** It highlights due to its anti-inflammatory, **antioxidant**, **analgesic**, and antiviral activity.

**Seawater 2%:** It reduces the proliferation of the plaque, it prevents caries and bad breath. It helps to **disinfect**, calm the pain, and accelerate the healing of extractions and wounds. It is effective against gingivitis and periodontitis.

**Thyme Extract:** It has **anti-inflammatory**, antibacterial and antifungal power.

**Rosemary Extract:** It is antiseptic, **healing**, and effective against bad breath.

**Menthol:** It has a **refreshing** and antiseptic effect.

**Eucalyptus:** It helps to eliminate the germs from the mouth, **reduce the plaque** and combat the diseases of the gums.

## MODE OF USE:

1. Softly brush your tooth back and forth with short movements. After, brush teeth by teeth with circular movements on both sides, front and behind.
2. Do it three times a day after the meals during two or three minutes or following the dentist's instructions.

The Natur toothgel cleans and refreshes in a healthy way thanks to the action of its natural ingredients. It does not have sulphates, so it cleans without generating abundant foam.

It is a dentifrice of daily use. Recommended for both adult and children.

**Enjoy of a healthy and hydrated mouth!**

Bottle of 150 ml (ref.1810)
