

# RELAX COLD GEL

With Aloe Vera

**EXIALOE RELAX COLD GEL** produces a remarkable improvement in joint processes, back and neck pain, as well as in the local treatment of osteoarthritis, activating the blood flow in the affected areas. Its application is also useful in the treatment of tired legs, providing relief and a pleasant sensation of freshness, relaxation, and rest.

## ACTIVE INGREDIENTS

**Menthol (1,7%) and Camphor (1,6%):** They have a vasodilating, toning, refreshing, and stimulating action. The combination of these ingredients is used to relieve muscle or joint pain. It is also effective for application to the chest to relieve congestion and coughs caused by flu or the common cold.

**Barbadensis Miller Aloe Vera (50%):** The high concentration of Aloe Vera used in this formulation exerts a remarkable and effective natural anti-inflammatory action that is very useful in the treatment of local trauma caused by blows, contusions, falls, bruises, etc.

**Arnica Montana (2,5%):** It has been known and used for many years to relieve muscle aches and pains. It has toning, moisturising and emollient properties. It is a natural anti-inflammatory that combats inflammation caused by blows and sprains, has analgesic properties and stimulates the resolution of bruises.

**Harpagophytum (2,5%):** It has numerous active ingredients such as iridoids and phenolic glycosides. It has astringent, decongestive, anti-inflammatory, anti-rheumatic, and analgesic properties.

## MODE OF USE:

Apply to the legs with a gentle upward massage and with circular movements on other parts of the body, avoiding contact with sensitive areas such as eyes and mucous membranes (in case of contact, rinse with plenty of water). You will initially feel a sensation of freshness, followed after a few minutes by a pleasant local increase in temperature.

**You will feel immediate relief!**

100 ml bottle (ref.1260)  
250 ml bottle (ref.1275)  
500 ml bottle (ref.1265)

## FORMULA (Ingredients)

Aloe Barbadensis Leaf Extract (Juice)\*, Alcohol Denat, Aqua, Propylene Glycol, Menthol, Camphor, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Triethanolamine, Arnica Montana Flower Extract, Harpagophytum Procumbens Root Extract, Disodium EDTA, Citric Acid, Ascorbic Acid, Sodium Benzoate, Potassium Sorbate, Sodium Sulfite, Phenoxyethanol, Propanediol, CI 42090.

\* IASC-certified ingredient from organic farming.

## DID YOU KNOW THAT...?

An in vitro test carried out at InnCells laboratories has shown that RELAX COLD GEL has more than 10% more anti-inflammatory activity than DEXAMETHASONE, one of the most potent anti-inflammatory corticosteroids available.
