

HOMME GEL

With Aloe Vera

The **Hydro-Nourishing HOMME Gel** is the best for the man who wants to counteract the first signs of the age. It can be used daily at any time being ideal after shaving due to its hydrant, calming and regenerative properties. It has **50% of Aloe Vera**.

USES AND QUALITIES

The **Vitamin E** microspheres that the HOMME Gel has break when applied on the skin arriving therefore, in their pure state, providing the qualities that they have and feeling their positive effect in a few days.

Vitamin E is a powerful antioxidant that avoids the formation of irritant elements for the skin due to its effectivity against free radicals, delaying the cutaneous aging.

Apart from the high content of Barbadensis Aloe Vera this gel has **Allantoin**, that is an extraordinary stimulant agent of the formation of the tissues, so it works by accelerating the healing of wounds and as a skin regenerator.

MODE OF USE:

Apply it on the previously cleaned face. Do a soft massage till its full absorption.

This gel is of quick absorption and does not leave shines. The bottle is very handy to carry with you everywhere.

It is indicated for all types of skin.

Bottle of 50 ml (ref.1232)
