

LUNA

With plants, marine algae, and chromium

LUNA is a food supplement that has an excellent activity on weight control and as intestinal regulator thanks to its satiating effect by increasing the basal metabolism, as stimulant of the intestinal transit for being diuretic and for its relaxing action.

ACTIVE INGREDIENTS

Spirulin: It has a satiating effect due to its quantity of non-assimilable mucilages and it is rich in proteins, minerals, and vitamins.

Fucus: It stimulates the thyroid function, favouring the increase of the basal metabolism and therefore the consequent loss of weight.

Guar Gum and Glucomannan: They are vegetal fibres with intestinal and satiating effect with inhibitory action of the lipogenesis.

Green Tea: It has antioxidant, diuretic, lipolytic and stimulant of the basal metabolism.

Barbadensis Aloe Vera: It provides minerals, it has a diuretic effect, and it favours the right distribution of all the ingredients that the capsules have.

Orthosiphon: It provides a diuretic effect thanks to its content in potassium salts which favours the loss of weight.

Horsetail: It has a remineralizing activity and with a diuretic effect.

Boldo: It has a diuretic, thermogenic and detoxifying effect with carminative, choleric and cholagogue action that facilitates the digestion of the fats.

Rhamnus Frangula: It promotes intestinal transit in an optimum manner.

Valerian: Relaxing that helps to avoid anxiety states when doing diets of weight control.

Fennel: Carminative action, favouring the elimination of winds.

Chrome picolinate: It helps to improve the insulin activity, stimulates the oxidation of fats, and promotes de use of glucose through the satiety of the brain centre helping to suppress the symptoms of appetite.

MODE OF USE

It is recommended to take 2 capsules 30 minutes before lunch and another 2 capsules 30 minutes before dinner, together with one or two glasses of water.

CAUTIONS

Due to its content in Iodine, it is not recommended in persons with hyperthyroidism without the supervision of a specialist. It has 0.4 mg of Caffeine per capsule, so it is not recommended in children or pregnant women.

90 vegetal capsules (ref.2087)
