

SUPERLATIVE H&N CAVIAR CREAM

Wrinkle filler treatment

The Hydro-Nourishing Caviar cream is a superlative cream designed to hydrate, nourish, protect, regenerate, fill wrinkles and cope with the age signs.

USES AND QUALITIES

These qualities are attributed to a combination of different actives, such as the amino-glyco kviar, a luxury active ingredient of natural origin obtained from the Sturgeon fish (Caviar and Cyclopterus lumpus).

It is enriched with Glycosaminoglycans (Chondroitin Sulphate and Hyaluronic Acid) and Glycogen, both from marine origin being Caviar therefore a rich **source of energy** that improves **cell nutrition** of our **skin**.

Coenzyme Q10 has a powerful antioxidant action that slows down the appearance of wrinkles and provides elasticity to the skin.

Collagen provides volume, elasticity and firmness to the skin.

Musk Rose oil is rich in essential fatty acids that avoid the premature ageing of the skin and favour the elimination of spots, providing a more even and bright tone.

The Jojoba oil forms a film on the skin, avoiding the elimination of water and favouring its hydration.

The Aloe Vera juice, of which it has a 40%, stimulates the cell growth, favouring the **hydration and softness** of the skin and its rejuvenation, apart from its antiseptic action that helps with the elimination of dead cells and waste that damage the face, avoiding the formation of blackheads and spots.

MODE OF USE AND UTILITIES:

You can apply it both night and day, being **important to apply it at night-time as it is then when the body regenerates and you will notice better results**.

Apply the wished quantity after cleaning the skin properly. We recommend doing a massage focusing on those areas in which you feel that there are more furrows or expression lines. Spread it softly from your nose to the outside of the face.

Remember to continue with the routine, applying your usual eye contour.

We recommend you the Caviar eye contour from the same Superlative line.
