

VIBMAX

With Klamath algae, Cordyceps, Reishi and Aloe

ViBmax is a nutritional supplement which main ingredients are the Klamath algae. These favour our organism to produce millions of mother cells in the bone marrow from where they are carried to all the organs for their repair and improvement.

Besides, its activity is strengthened by its content in fungus Cordyceps sinensis and Reishi that have great antioxidant power and help as protection of both of mother cells as well as of the rest of the organs from oxidative stress, helping to treat and prevent any type of degenerative alteration providing us a better quality of life.

ACTIVE INGREDIENTS

Klamath Algae: It is known by stimulating the production of **adult mother cells** in the bone marrow and their release to the blood. It is a special food for the brain improving the mental activity, with immunomodulating and antioxidant activity. It provides energy and combats fatigue. It is rich in omega 3, helping as anti-inflammatory and decreasing cholesterol levels.

Cordyceps Sinensis: It highlights due to its powerful **antioxidant** action that delays aging, it promotes and protects the hepatic and renal function while it has antitumour activity. It is immunomodulating with antibiotic and antiviral activity.

It increases the resistance to fatigue. It improves the cardiovascular system due to its antiaggregant and hypotensive effect and contributes to decrease cholesterol. It works as sexual reinvigorating tonic, it promotes fertility by increasing the number and quality of sperm cells. It helps in cases of depression, anxiety, and insomnia.

Reishi: It highlights due to its high antioxidant power that favours the protection and regeneration of the tissues and organs. Useful in cases of anxiety, stress, and other mental disorders. It improves the cardiovascular system. It works as analgesic and anti-inflammatory, helping in cases of arthritis and osteoarticular diseases. It helps in oncology both in the treatment as well as to repair the harm caused by the treatments. Source of energy.

Aloe Vera: Apart from the regenerative, depurative, anti-inflammatory, anti-tumour and booster of the immune system qualities, it is the ideal vehicle for the correct distribution through the organism of all the components that the capsules have.

MODE OF USE

It is recommended to take 3 capsules a day before the main meal or before breakfast. Avoid taking it at the evening as due to its energetic activity could difficult falling asleep.

90 vegetal capsules (ref.2120)

DID YOU KNOW THAT...?

Tradition says that were the shepherds in the Tibet when they used to go up with their cattle to the high areas of the mountains in spring that saw how their yaks, goats and sheep were feeding, apart from fresh grass, from a brown mushroom (later identified as Cordyceps sinensis), they were stronger, they healed better from their injuries and even they had a similar behaviour to the mating call.
